5.3. Hazardous products of combustion					
Carbon monoxide, carbon dioxide and traces of other carbon products					

# MATERIAL SAFETY DATA SHEET

Based on Regulation (EC) No 1907/2006 Article 31 and Annex II - published on 07/12/2012

# 62200

### 6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes or clothing

6.2. Environmental precautions

Use appropriate container to avoid environmental contamination

6.3. Methods and material for containment and cleaning up

Clean up with acetone

### 7. Handling and storage

7.1. Precautions for safe handling

Keep away from heat/sparks/open flames/hot surfaces

No special technical protective measures required

7.2. Conditions for safe storage

Store in a cool dry place

7.3. Specific use(s)

Wash hands with soap and water after use

## 8. Exposure controls/personal protection

8.1. Control parameters

No special measures are necessary

8.2. Exposure controls

Respiratory protection	Avoid breathing of thermal decomposition products
Hand protection	Wear protective gloves, if necessary
Skin protection	Normal work wear
Eye protection	Wear protective goggles, if necessary

## 9.1 Physical and chemical propreties

9.1. Information on basic physical and chemical propreties		
Form	Solid	
Colour/appearance	Black, silver, white, yellow, red, light blue, dark blue, green	
Odour	n/a	

9.2. Other information

n/a

# 10. Stability and reactivity

10.1. Incompatible materials

No hazardous reactions when stored and used under normal circumstances

10.2. Conditions to avoid

None known

10.3. Hazardous decomposition producst

Carbon monoxide, carbon dioxide and traces of other carbon products

10.4. Reactivity

Heat, spark, flame or ignition sources

10.5. Chemical stability

Stable under normal conditions

#### **11.** Toxicological information

11.1. Acute toxicity

Adhesive may cause irritation

# MATERIAL SAFETY DATA SHEET

Based on Regulation (EC) No 1907/2006 Article 31 and Annex II - published on 07/12/2012

# 62200

11.2. Chronical toxicity		
n/a		
11.3. Acute damage/symptoms		
Eye contact	Adhesive may cause irritation	
Skin contact	Adhesive may cause irritation	
Inhalation	Adhesive may cause irritation	
Ingestion	Adhesive may cause irritation	
11.4. Chronical damage/sympto	oms	
Eye contact	In case of peristent symptomes, contact a physician	
Skin contact	In case of peristent symptomes, contact a physician	
Inhalation	In case of peristent symptomes, contact a physician	
Ingestion	In case of peristent symptomes, contact a physician	
12. Ecological informatio	n	
12.1. Ecotoxicity		
The material does not present enviror	nmental hazards	
12.2. Persistence and degradab	ility	
n/a		
12.3. Bioaccumulative potential		
n/a		
12.4. Mobility		
n/a		
12.5. Results of PBT and vPvB a	sesssment	
n/a		
13. Disposal considirations		
This product can be recycled either in an authorised disposal unit or by controlled incineration.		
Packaging and waste are to be disposed in accordance with local regulations		
14. Transport information		
Not classified as dangerous under transport regulations		
15. Regulatory information		
Not classified as dangerous within the meaning of EEC regulations		
16. Other information		
This safety data sheet has been drawn up in accordance with European Standard 91/155EEC and with Regulation (EC) No 1907/2006 Article 31 and Annex II. This sheet supplements but does not replace the product technical data sheet. The provided information is based on our knowledge of the product in question as of 28/01/2009 and it		

(EC) No 1907/2006 Article 31 and Annex II. This sheet supplements but does not replace the product technical data sheet. The provided information is based on our knowledge of the product in question as of 28/01/2009 and it is information given in good faith. The attention of the user is also drawn to risk which may be involved when a product is used for purposes other than that for which it is designed. The accuracy of the information given in this sheet cannot be guaranteed. This information, which is given to our customers in good faith, for the sole purpose of informing and assisting them in their research cannot give rise to any formal or implicit guarantee with regard to its use. As result, Option Tape Specialties shall not be held responsible for any damage of any kind regarding the issue of this document. Similarly, no information contained herein shall be interpreted as an authorisation or recommendation on use of products which would breach rights protected by patent rights.
